- > About the JTC 1/Business Team on Electronic Commerce and this
- > Workshop
- >
- > This workshop offers participants the opportunity to influence EC
- > specifications and standards that will
- > effect global commerce.
- >
- > The Electronic Commerce Business Team (BT-EC) is one of the
- > re-engineering activities being fostered within JTC 1 to provide better
- > service to standards users while preserving the consensus standards
- > process. Working mostly by electronic means, the BT-EC will:
- >
- > - Review and analyze business needs;
- > - Translate these needs into standards requirements;
- > - Identify relevant existing or planned standards and specifications;
- > - Specify what new standards or changes are consequently required; and
- > - Encourage the commitment of business and of standards committees to
- > create these standards.
- >
- > The BT will not write these standards and will be disbanded when its task
- > is completed.
