- Title:** Convenor's recommendation on progression to the SC32 secretariat
- Author:** Stephen Cannan (Netherlands)
- Source:** FPDAM Editing Meetings for ISO/IEC FPDAM 9075.Amd1,
SQL/OLAP
- Status:** Output document from Editing Meeting

ISO/IEC JTC 1/SC 32 N00504
ISO/IEC JTC 1/SC 32/WG 03 HEL-021

The Editing Meeting completed its business on the 13th of July 2000 with the following resolution which was passed unanimously by all 8 National Bodies present (7 P members and 1 O member):

The Editing Meeting held in Warwick, England, between the 3rd and the 13th July 2000 recommend that the SQL/OLAP amendment document be progressed to FDAM ballot as soon as the revised text is available.

The National Bodies voting included all 5 of the National Bodies that voted No on the ballot. 57 comments resulted from the ballot. The Editing Meetings managed to resolve all of these 57 Ballot Comments.

At the close of the final meeting there were **no** outstanding known problems with the amendment under ballot.

We hope therefore that the SC32 secretariat will be able to initiate a Final FDAM Ballot for these parts immediately the final text is available.

The Editor, Jim Melton, plans to ship camera ready copy on Sunday, August 27th, 2000 to the SC32 Secretariat for the two-month FDAM ballot on this SQL amendment.

The SQL FPDAM editing meeting further recommended, following past precedent, that the following documents should comprise its Disposition of Comments Report:

- 1) 32N00504, Convenor's recommendation on progression to the SC32 secretariat (this document)
- 2) 32N00496, ISO 9075.Amd1 SQL/OLAP FPDAM Final Disposition of Comments
- 3) 32N00501, Minutes of ISO 9075 SQL/OLB FPDAM Editing Meeting, Warwick, England
- 4) <to be assigned>, ISO 9075.And1 SQL/OLAP FDAM Text

Please note that items 4) will not be available until 2000-08-27.
