Liaison with OMG, including PAS submissions

SC32 resolves that:

1. It is in favour in principle of providing a channel through which appropriate PAS submissions from OMG may be channelled;
2. The primary point of liaison between SC32 and OMG shall be Hajime Horiuchi, and he will develop a proposal for an MOU that maximizes ongoing co-operation between OMG and SC32;
3. SC32 will conduct an accelerated email ballot to confirm this MOU;
4. Each Working Group of SC32 shall nominate an individual to be informed of, and where appropriate involved in, any negotiations with OMG;
5. Each specific PAS submission shall be assigned to an appropriate SC32 Working Group;
6. The expected PAS submissions of MOF and XMI shall be assigned to Working Group 2 (Metadata).
