From: NISHIWAKI, Tetsuo, TC 127/WG 2 Secretary

Dear Mr. Bruce Bargmeyer,

Attached you will find our (ISO/TC 127/WG 2) asking for establishing an liaison with your committee (JTC 1/WG 2).

Our working group, ISO/TC 127/WG 2, titled "Mobile construction machinery - Work-site data exchange" is a group being established for identifying items for standardization in the field of data exchange relating to earth-works by using mobile construction machinery --- The actual application case maybe, for example, such that a mobile machine grades earth by referencing GPS data and so on.

Our (TC 127/WG 2) experts are of the opinion that our activity should be in line with your (JTC 1/SC 32) activities also we hope we will be able to provide actual application cases for you activities.

For this purpose, we (ISO/TC 127/WG 2) asks establishing an official liaison with you (ISO/IEC/JTC 1).

Your kind information on our request will be appreciated.

Thank you and best regards,

Best wishes a happy new year,

NISHIWAKI, Tetsuo - ISO/TC 127/WG 2 Secretary
