Announcement of date change of WG1 Ottawa meeting

Dear WG1 members and SC32 secretariat:

In the SC32 Sydney resolutions 2008, WG1 planned to have the meeting from 2008-12-08 to 2008-12-11 in Ottawa.

However, work for ISO IEC 14662 3rd edition, ISO/IEC 15944.1 2nd edition and ISO/IEC 15944.3 CD3 was not progressed as expected to submit document needed before August 31, 2008, and project editors need more time to finish the work. Without these outputs, WG1 meeting in December can not be productive.

At the request of project editors, and with appreciation to the Canada NB and the meeting host Standard Council of Canada for their efforts in arranging this, WG1 decide now to change dates of the Ottawa interim meeting to 16-19 February, 2009.

The draft Agenda document will be send out in December and a meeting notice document including logistical information will be send out before the end of November.

Best Regards,

Wenfeng Sun
